

InHand Networks

InHand Networks

Accelerate Digital Transformation

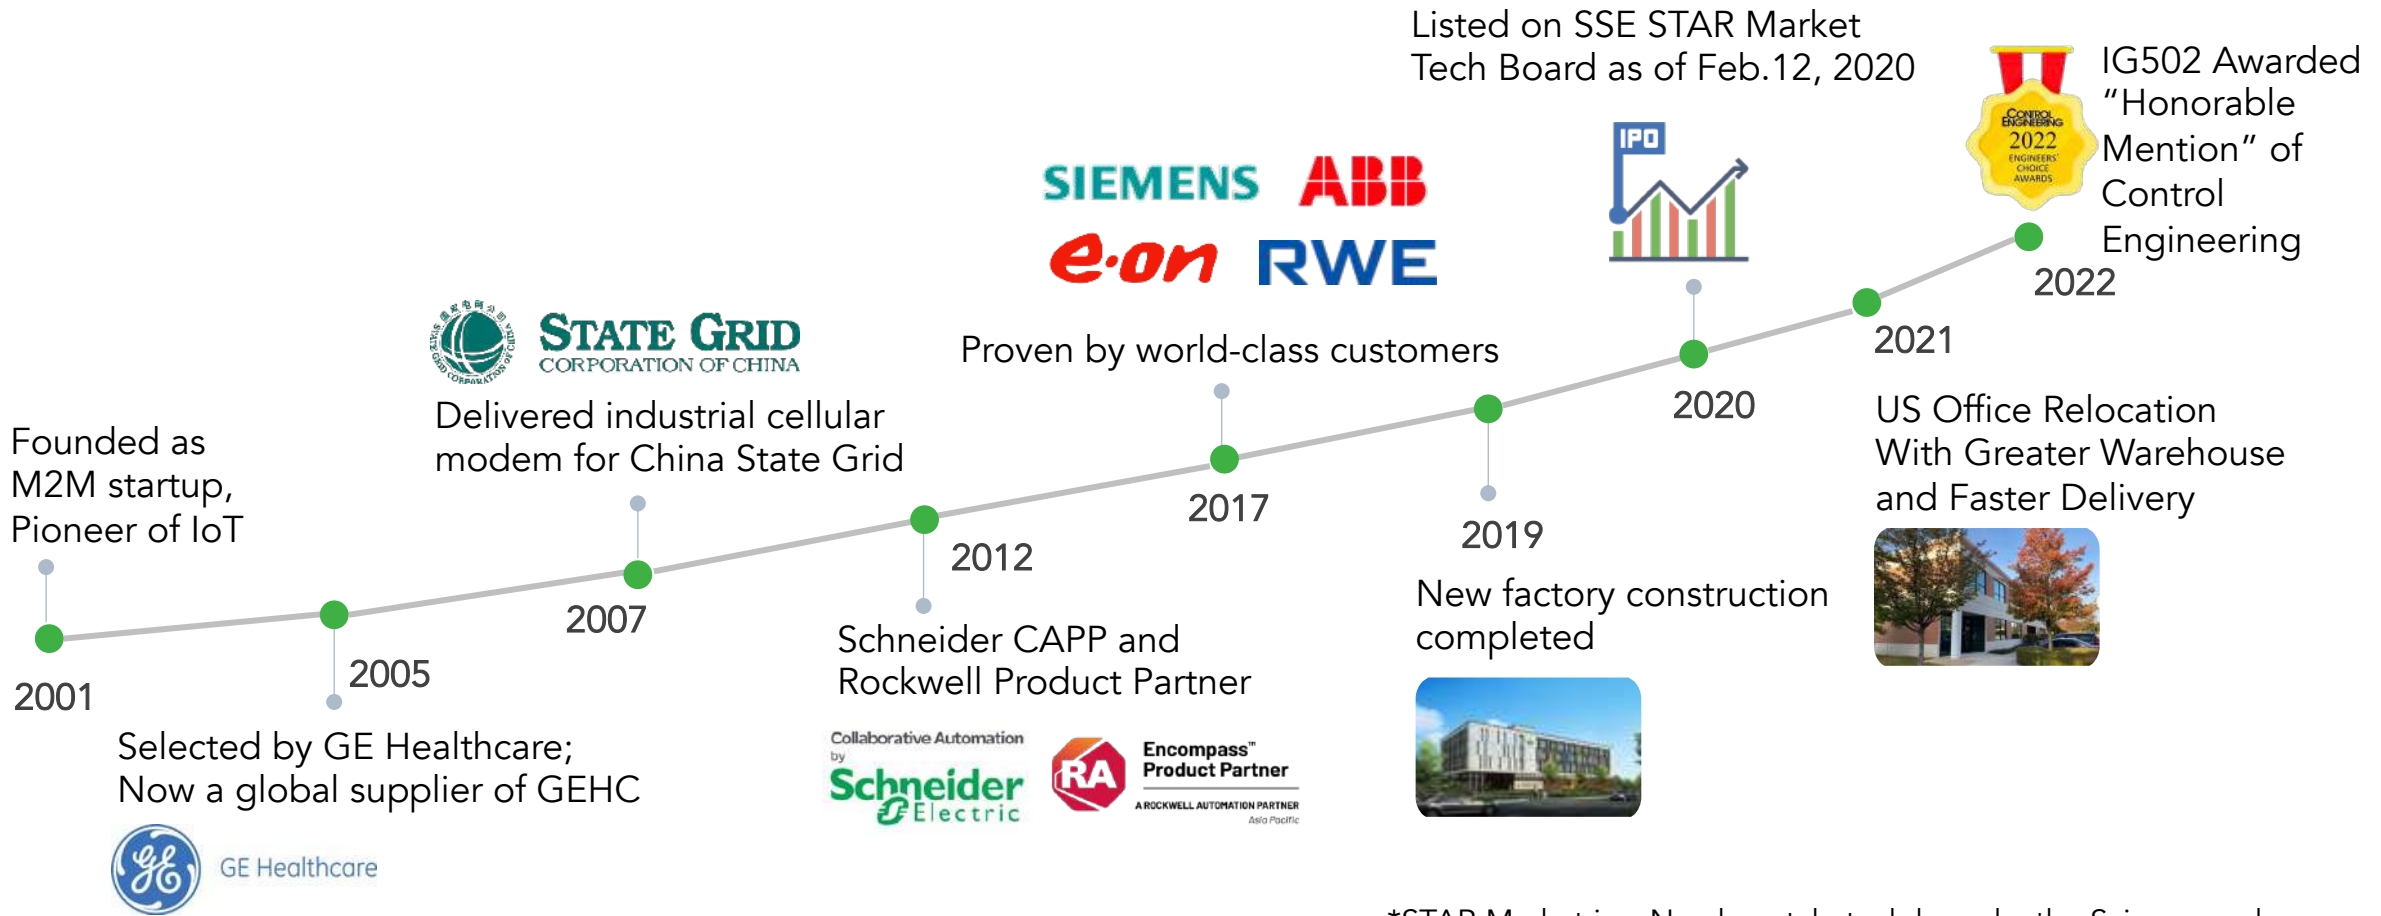

| Who Are We?

InHand Networks is a global leader of industrial IoT, with a record of tremendous success following groundbreaking innovation since our inception in 2001.

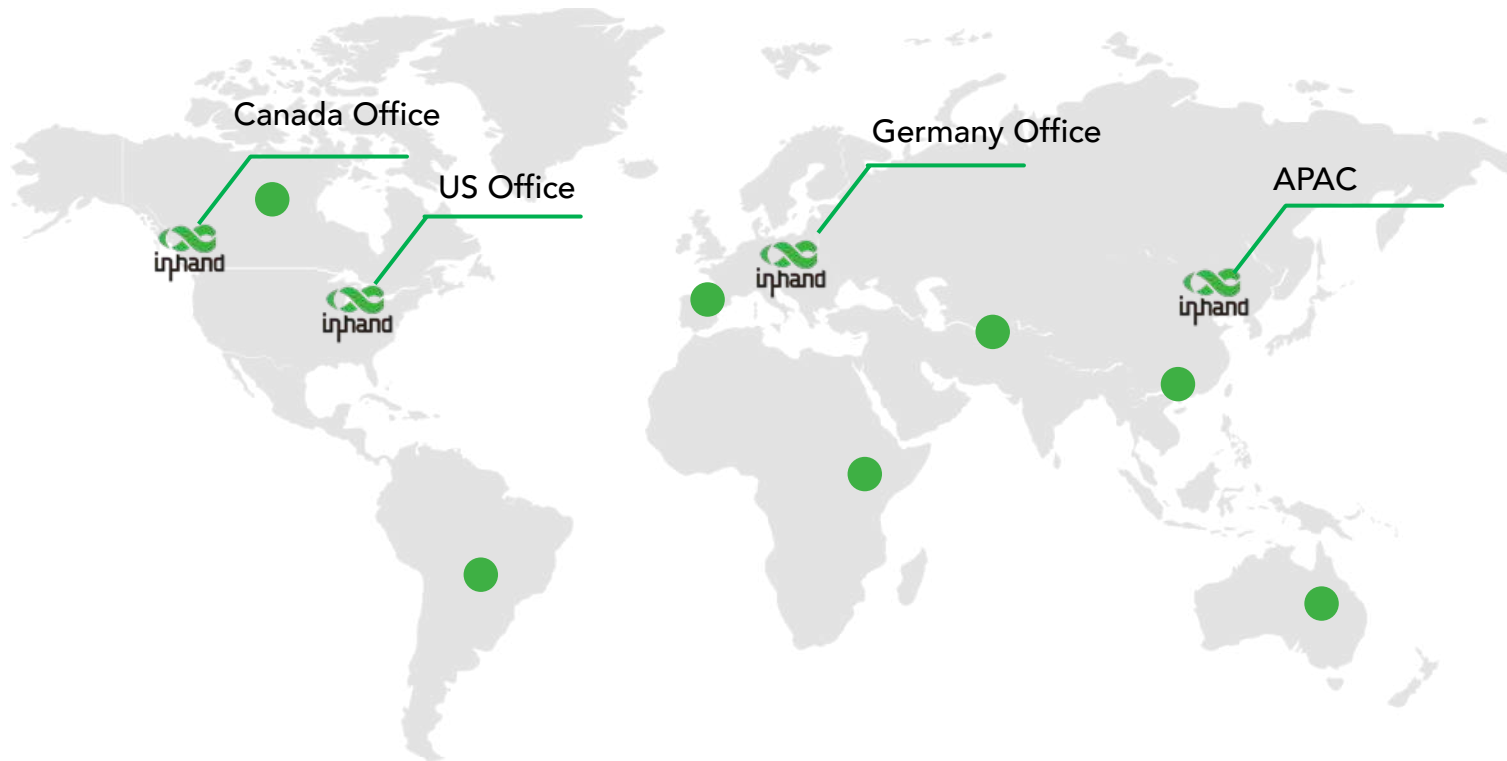

By leveraging innovative IoT technologies, we deliver more efficient, intelligent, and sustainable solutions to our customers, enabling them to unlock greater potential and achieve accelerated growth in the digital era.

Pioneering IoT for 22 Years

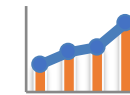

*STAR Market is a Nasdaq-style tech board – the Science and Technology Innovation Board at Shanghai Stock Exchange.

Global Coverage

Employees 400+
R&D Team 140+

Continued growth, listed among Top 10 IoT gateway vendors by Berg Insight

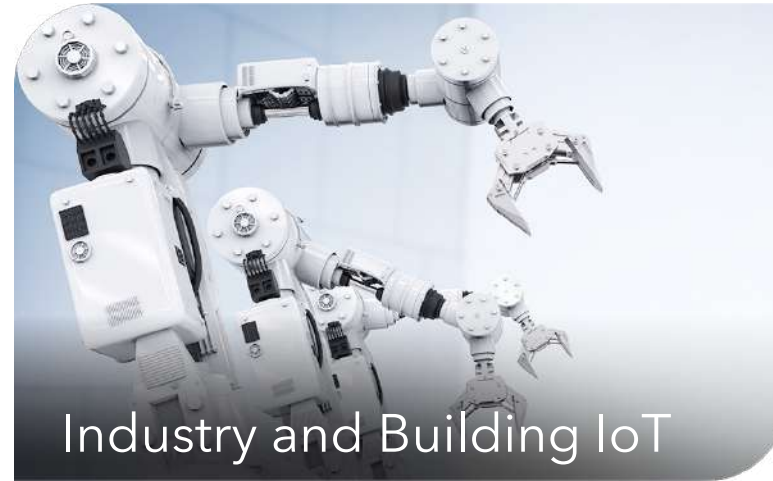

Free Technical Support
16 Hrs per Day
5 Days per Week

Five Pillar Industries

Enterprise Network

Industry and Building IoT

Smart Commerce

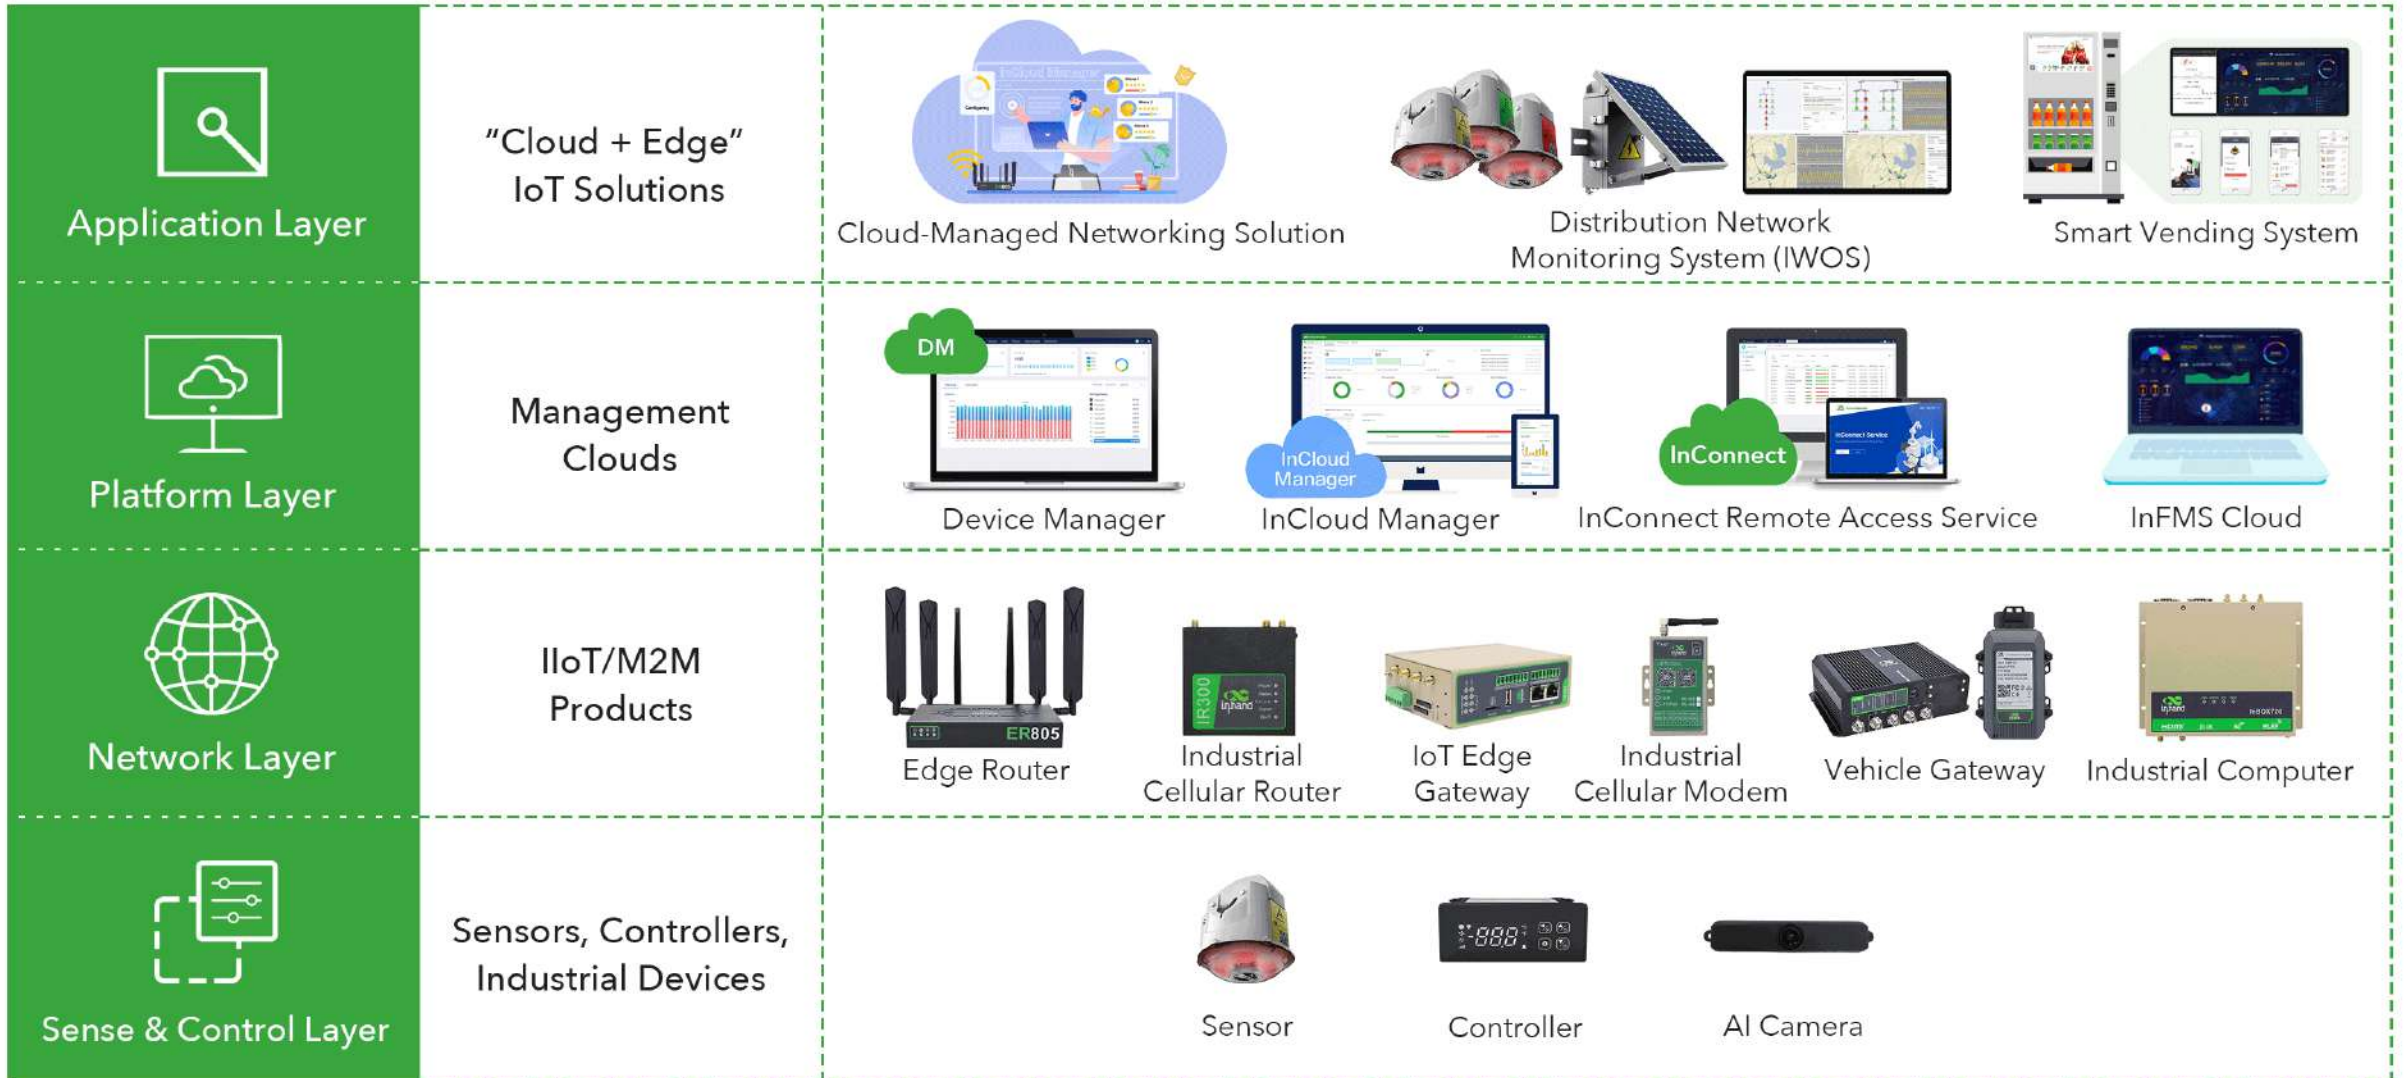

Digital Energy

Mobility

Products & Services: Independent R&D with Core Technologies

Globally Certified, Globally Recognized

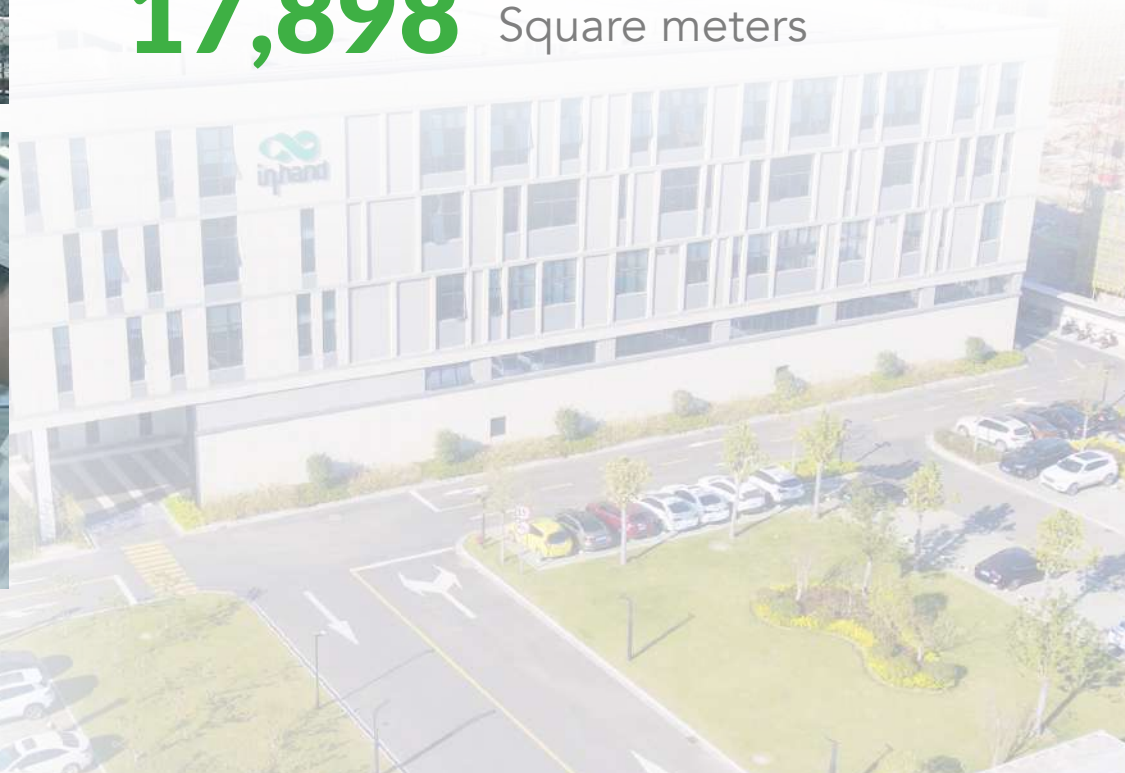

Supply Chain: Self-owned Factory with Ensured Capacity and Quality

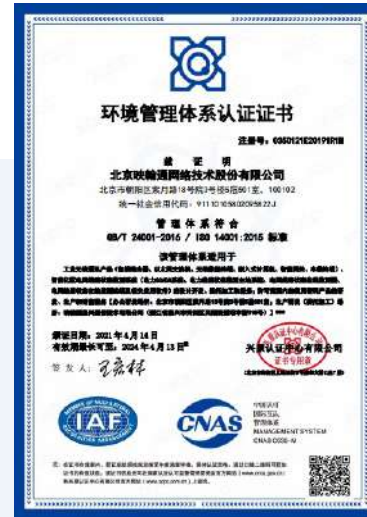

7 Production lines with a high level of flexibility

3,000 Units produced per day

17,898 Square meters

Quality Commitment & Support

- ISO 9001/ ISO 14001/ ISO45001/ ISO27001
- Information Security Management System Certificate
- Energy Management System Certificate
- Intellectual Property Management Certificate

ITS Connectivity Solutions

5G

VG810 5G Vehicle Gateway

- 5G/4G, Wi-Fi 5, GNSS
- 4*GE (M12), antennas (FAKRA/TNC)
- CAN bus, I/O, RS232, RS485, Audio/ Voice
- C/C++, Python, Docker
- AWS, Azure

 (In progress)

ECE-R10 ECE-R118 EN50155 EN50121-3-2 EN61373 EN45545-2

5G

VG710 5G Vehicle Gateway

- 5G/4G, Wi-Fi 5, GNSS, 4*GE
- CAN bus, I/O, RS232, RS485, Audio/ Voice
- C/C++, Python, Docker
- AWS, Azure
- IP64

ECE-R10 ECE-R118 EN50155 EN50121-3-2 EN61373 EN45545-2

VT310 Vehicle Telematics Gateway

- LTE CAT4/CAT1/CAT M1
- Dual CAN bus, RS232, I/O, J1708/RS485
- Modbus TCP, UDP, MQTT
- AWS, Azure

5G/4G Vehicle Gateways

IR305 Industrial LTE Router

- LTE CAT4, dual NANO SIM
- 5*ETH, serial ports, I/O
- E-Marked

IR302 Industrial LTE Router

- LTE CAT4, dual NANO SIM
- 2*ETH, serial ports
- E-Marked

Industrial LTE Routers

ISE-S M12 Series Unmanaged Ethernet Switch

- Gigabit Ethernet (M12)
- PoE ports
- IP64 protection rating

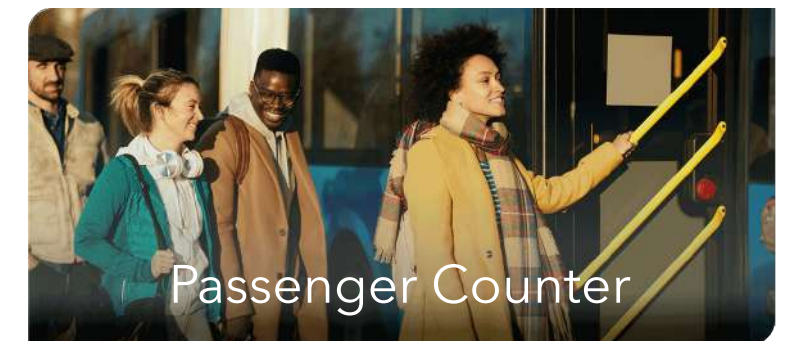

ISM Managed Ethernet Switch

- PoE/RJ45 ports
- IP40, EMC level 4A
- DIN-rail/rack mounting

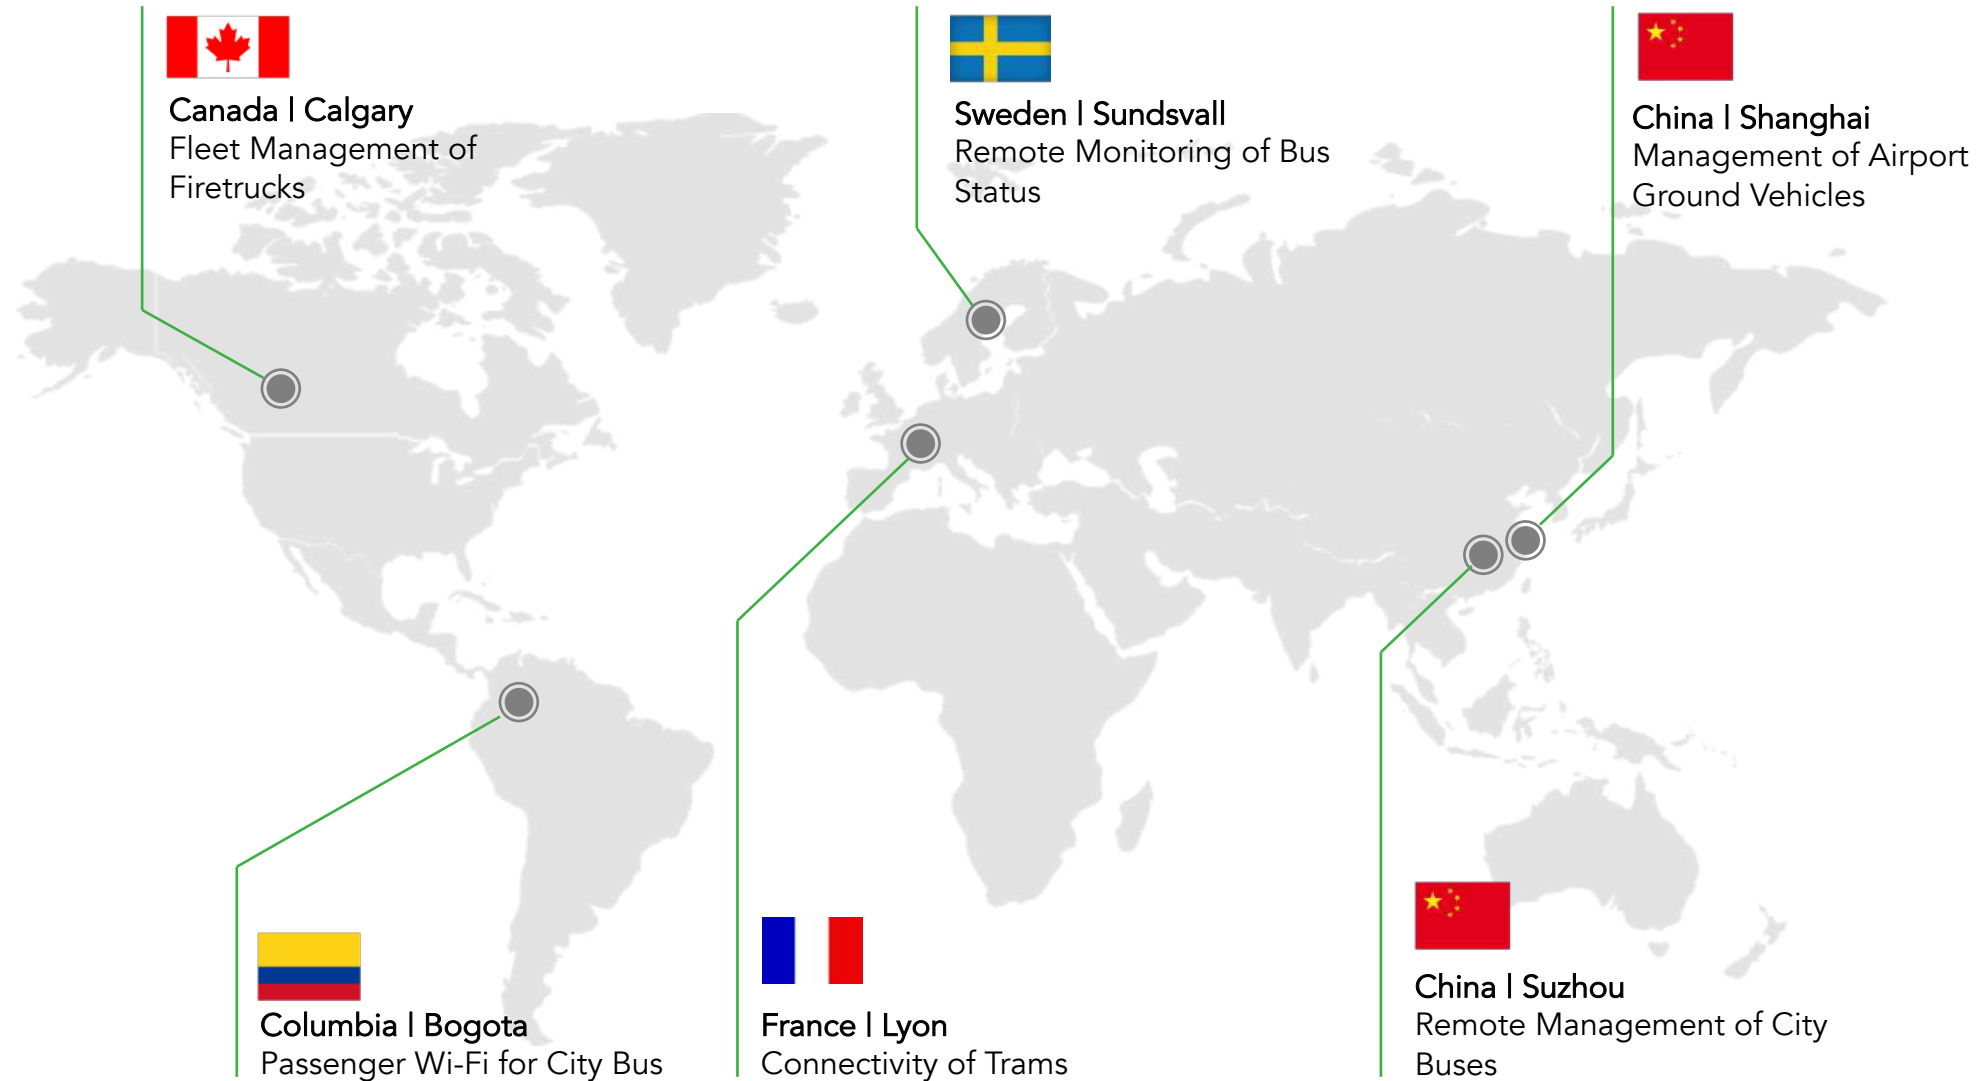

Industrial Ethernet Switches

Secure & Reliable on-board Connectivity
